Darling Family, Wel, sun bradking thro after a week of showers and sun, showers have helped the lawn and my newly transplanted flowers from front flower beds to side of house from seed planted way last Apr. Just marigolds andcol'endums (sp) and few nast'urts. Will get about a dozen tunias to fi fill in for more color, so hope the place won't look so barren come summer. Still expeet to leave about Tues. for Wis. if our loan comes thro for the $100..if not will cut loan and send Coop alone on the buss, which I'd rather do any way. Coop busy in garage fixing door so Humpy can have a place to run to and from and neighbors will feed him. Land lord truning bout to be purt gud fellow guess cos pleased we are taking such intrest in yard, etc. 1st to do so since his son had to leave about 3 yrs. ago! A second Ted.L. tho for tightness of money and is worth plenty! Rents 5 houses alone for $100 plus his other building. Hope all OK

More later, Sorry you won't be with us. Love to all, The Coopers
